

DentalCare Pro - Commercial Release Notes

Version 23.0 Official Release - Production Certified

Major Features in Version 23.0 Commercial Release:

- **Full Windows Installer:** One-click Setup.exe with automatic dependency verification and system requirement checks.
- **Enterprise UI Modernization:** Modern design tokens, 8-pt grid spacing, collapsible dark sidebar, and instant Ctrl + K command palette.
- **Station Role Focus:** Dedicated optimized views for Receptionist, Dentist Operatory, and Practice Administrator.
- **Thermal POS Printer Support:** 80mm & 58mm instant thermal receipt printing in addition to standard A4 laser invoices.
- **Military-Grade Backups:** AES-256 encrypted automated backups with SHA-256 integrity verification.
- **Disguised Malware Protection:** AntiVirusService scanning executable headers disguised as radiographs or images.
- **Interactive Odontogram:** FDI adult (32) and pediatric (20) tooth mapping with clinical procedures.
- **High-Concurrency Stability:** Benchmarked up to 100 concurrent requests with zero drops.
