

Daily Clinic Operational Checklist

Standard Operating Procedures for Reception & Operator Assistants

MORNING OPENING CHECKLIST (8:00 AM - 8:30 AM)

- ☐ 1. Power on the clinic server workstation and verify PostgreSQL service is active.
- ☐ 2. Launch DentalCare Pro on all operator stations and the reception desk.
- ☐ 3. Review today's appointment schedule and confirm all operator room assignments.
- ☐ 4. Flush dental chair waterlines for 2 minutes with antimicrobial solution.
- ☐ 5. Inspect autoclave biological indicators and ensure sterile instrument packs are loaded.
- ☐ 6. Verify thermal receipt printer has sufficient 80mm paper roll and laser printer has A4 stock.
- ☐ 7. Confirm reception cash float is counted and locked in register drawer.

EVENING CLOSING CHECKLIST (5:30 PM - 6:00 PM)

- ☐ 1. Verify that all completed patient appointments have invoices created and recorded.
- ☐ 2. Print the **Daily Collection Summary** and reconcile total cash, card, and UPI payments.
- ☐ 3. Lock the day's cash proceeds in the clinic security safe.
- ☐ 4. Run suction cleaning disinfectant through all operator high-volume evacuation lines.
- ☐ 5. Power off operator dental units, compressor, and clinical operator computer monitors.
- ☐ 6. Ensure the main clinic server PC remains in Standby/Powered on for the 23:00 automated backup.
- ☐ 7. Perform weekly external USB backup drive rotation every Friday evening.
