

DentalCare Pro Enterprise v23.0

Master Quick-Start, Installation & Clinical Operation Guide

Welcome to **DentalCare Pro**! This software is a standalone commercial practice management system designed specifically for dental clinics. It runs 100% on your local Windows clinic PC without requiring any technical configuration, command-line terminals, or third-party cloud subscriptions.

1. System Requirements & Compatibility

Component	Minimum Specification	Recommended Specification
Operating System	Windows 10 64-bit (Build 1909+)	Windows 11 64-bit (Pro / Enterprise)
Processor (CPU)	Intel Core i3 / AMD Ryzen 3 (2.0 GHz)	Intel Core i5 / AMD Ryzen 5 (4+ Cores)
Memory (RAM)	4 GB RAM	8 GB RAM or higher
Disk Storage	2 GB free space (SSD)	20 GB free space (for radiographs)
Display Resolution	1366 x 768 pixels	1920 x 1080 (Full HD) or higher
Printers Supported	Standard Windows Printer	A4 Laser + 80mm / 58mm Thermal POS

2. Simple 3-Step Setup

Step 1	Double-click Setup.exe in this folder. Click Yes on the Windows prompt to launch the guided wizard.
Step 2	The installer automatically verifies Windows, disk space, and PostgreSQL on port 5432. Click Next .
Step 3	Click Install . When complete, click Finish to immediately launch DentalCare Pro on your desktop.

FIRST LOGIN CREDENTIALS

Default Login URL: `http://localhost:3000` (Desktop App launches automatically)
Administrator Email: `admin@dentalcare.com`
Initial Password: `Admin@123456`
Security Recommendation: Change your password on your first session under Settings > Security.

3. Daily Clinic Operations Workflow

Patient Registration	Search by phone number or click '+ New Patient' to register records with medical alerts and insurance.
Appointment Booking	Click any time slot on the Chair Calendar (Chairs 1-4) to book, reschedule, or check in patients.
Clinical Odontogram	Open the tooth chart to record cavities, restorations, root canals, or extractions with 1 click.
Invoicing & Printing	Generate official patient bills. Print to A4 laser or 80mm thermal receipt printer with clinic logo.
Automated Backups	Runs automatically every night at 23:00 to <code>C:\DentalCarePro_Backups\</code> . AES-256 encrypted.
